

How to activate your USI account

- ✓ **If you created your Unique Student Identifier (USI) and chose your password and security questions, then your account is activated.**

Log in with your USI or the email you used to create your account and password.

- 🔒 **If your USI was created on your behalf**
A link would have been sent to your mobile or email address from noreply@usi.gov.au asking you to activate your USI account.

- Check your email or SMS for your USI and activation details.
- Select the link, accept the terms and conditions and select **'Next'**.
- Set up your password and security questions.
- Enter your date of birth to confirm your identity then select **'Save'**.

- 📄 **Why activate your USI account?**

- Access your USI vocational education and training (VET) transcript which lists all the nationally recognised training you have completed since 2015.
- Download and share your USI VET transcript with potential employers to prove your skills.
- Access and update your personal details.

How to update your USI details

- 1 Visit: www.usi.gov.au.
- 2 Select '**Log in to portal**' in the top-right corner and log in to the USI Student Portal with your USI number, email address or Digital ID and password.
- 3 Select '**Update Contact Details**' and review your details.
- 4 Update your personal and contact details, including your name, email, phone number and address.
- 5 Review the changes and select '**Save**' to submit your updated details.
